PI4-CASE-4G-5G-M.2 Assembly Tutorial

If you want a shell, remove the four hexagonal copper pillars M2.5*5+5 screws

如果要外壳的话，就将四个六角铜柱 M2.5*5+5 螺丝去掉

Please install the SIM card, antenna and other accessories

请装好 **SIM** 卡和天线等配件

First fix the hexagonal copper pillars to the 5G HAT

先把六角铜柱固定在 5G HAT

Assemble the 5G HAT and Raspberry Pi, and then put the whole thing on the bottom shell

5G HAT 和 树莓派 组装好，然后一整个放到底部外壳上

Please cover the top of the shell

把外壳上盖盖好

Please tighten the screws around the shell and fix the

shell

把外壳周围的螺丝锁上，固定好外壳

Install the wall-mounted ears or rail buckles on the shell

给外壳装上壁挂耳朵或导轨扣子

Then install the USB connector and antenna

然后装上 USB 连接器和天线

This completes the installation

至此完成安装
